Shirley Pasholk – Recording Secretary
Tony Panza – Grievance Chairman

Health Awareness Initiative UPDATE

Our September 1, 2015 Agreement provides for a Health Awareness Initiative (HAI). For 2018, if a single employee has a preventive physical by September 30, 2017, their \$200 medical deductible will be waived and they will receive a \$200 payment in 2018. If a married employee and their spouse **both** have a preventive physical by September 30, 2017, their \$200/\$400 medical deductible will be waived and they will receive a \$400 payment in 2018. Payment is treated as a bonus, so you can put it into your 401K if you wish. In order to make sure that you get credit, fill out an HAI Verification and send it in. Keep a copy for your records.

To avoid any extra charges, when you go for your physical tell your doctor that any tests that he performs need to be done with a diagnosis code other than “routine”.
